8. Please give a statement explaining why you believe you should be elected. (Explain your goals and what you can offer the association).

I have been a part of this great CS Professional Organization since 1997.  
I have been a board member since 2000.  
I would feel very humble to be chosen again to help continue to serve as board member of this GREAT CHAPTER of CS Profession.  
I would continue to represent each of you by helping to build a stronger profession within our world & as well outside of our world of Sterile Processing.  
I would continue to work with all members of our organization as well as other professionals outside the world of SPD to help close the gaps all of our departments, for not be recognized for what excellent support services we bring to the bed side for all patients that enter into our different hospital facilities.  
I would continue to work hard to help gain more knowledge & recognition for the job that each of you do; day in & day out within the great world of Sterile Processing.  
I will continue to promote our great NCAHCSP organization, as well as telling of our importance to everyone I meet within the healthcare field.  
I will continue to tell our story about how important our jobs are and what a positive impact that the Sterile Processing / & Medical Equipment Departments play in delivering "EXCELLENT" patient care to all patients around the world!

Thank you for considering me to help lead & guide our organization to the next level; providing above excellent care to all of our patients!
